Hours of Operation

Drop 4 Fun offers extended hours. Our normal schedule is as follows:

Monday – Thursday: 7a.m. to 10p.m.

Friday: 7a.m. to midnight

Saturday: 8a.m. to midnight

Sunday: Available for private parties

Procedures for Release of Children

Drop 4 Fun uses a childcare software called Drop in Care Sage to sign the children in and out. During enrollment, a photo may be taken of the authorized persons and children. Each parent will have their fingerprint scanned or a unique code programmed that identifies them and the children they are authorized to sign in and out.

- If there is no fingerprint on file, but the adult is listed as an authorized pickup for the child, a valid government issued photo identification must be shown before the child will be released.
- If parents or other emergency contacts cannot be reached after **one hour** past closing, the Guaynabo Police Department will be contacted to assist and safeguard child's safety.

If at any time **Drop 4 Fun's** staff feel uncomfortable releasing a child to an individual, the Guaynabo Police Department will be contacted to assist and safeguard child's safety.

Health Check

The health and well-being of each child at **Drop 4 Fun** is of the utmost importance to us, therefore we will conduct a daily health check before the parent's leave. The results of the health check will be determined by the center's staff, not the parent, on whether or not the child remains in care for that day.

Illness and Exclusion

Illness

Due to the health and well-being of each child at **Drop 4 Fun**, we will strictly adhere to the following illness and exclusion criteria:

- Fever as measured by a temperature of 100 degrees Fahrenheit or higher
- Vomiting (two or more episodes in 24 hours)
- Swelling/Redness of the Throat
- Constant Cough
- Extreme Fatigue/Lethargy
- Head Lice
- Reddened/Draining Eyes
- Skin Rash
- Bumps on Hands, Feet and/or Throat
- Uncontrollable Diarrhea

- Mouth Sores
- Diagnosis of a communicable disease by a healthcare professional with no medical documentation that the child is no longer contagious
- If a child is suspected of having a contagious condition, a parent or authorized pick-up person must arrive at the childcare center as soon as possible, but not to exceed one hour after being called.
- A child must be fever free and symptom free without the use of fever relieving or other medications for a period of 24 hours before they will be allowed to return to the center.
- If a child is diagnosed as having a contagious condition, parents should notify **Drop 4 Fun** as soon as possible so we can alert other families. Confidentiality will be upheld.

Exclusion

The exclusion of a child from care is determined by:

- Whether or not the child can participate in the activities planned for the day in his/her classroom/age group
- Whether or not the child requires more care than the staff can provide without compromising the care needs of the other children at the center
- Whether keeping the child in care will pose an increased risk to other children and adults at the center

Drop 4 Fun reserves the right to exclude any family and/or child from the facility based on their sole discretion.

Dispensing and Handling Medication

Dispensing

- **Drop 4 Fun** will administer medication in its original container when parents give prior authorization by a parent completing and signing a medical authorization form.
- No more than a single dose of parent provided medication can be administered with phone approval from the parent and a medical authorization form must be signed upon return.
- Authorization to administer medication expires on the first anniversary of the date the authorization is provided.
- **Drop 4 Fun** is not authorized to administer medication in excess of the medication's label instructions or the directions of the child's health-care professional.
- Parent authorization is not required to administer a medication to a child in a medical emergency to prevent the death or serious bodily injury of the child, provided that **Drop 4 Fun** administers the medication as prescribed, directed, and intended.

Handling

Discipline and Guidance

Drop 4 Fun uses positive methods of discipline and guidance.

- Discipline will be individualized and consistent for each child, appropriate to the child's level of understanding, and directed toward teaching the child acceptable behavior and self-control.
- A caregiver will only use positive methods of discipline and guidance that encourage self-esteem, self-control, and self-direction, which include at least the following:
 - Using praise and encouragement of good behavior instead of focusing only upon unacceptable behavior;
 - Reminding a child of behavior expectations daily by using clear, positive statements;
 - Redirecting behavior using positive statements
 - Using brief supervised separation or time out from the group, when appropriate for the child's age and development, which is limited to no more than one minute per year of the child's age.
- **Drop 4 Fun** will not use harsh, cruel, or unusual treatment of any child.

Schedule and Activities

Drop 4 Fun will follow a preset schedule to promote a routine based environment with activities based on arts, music, imagination, creativity and free play. Infant schedules are subject to change based on the individual needs of the child.

Diaper Changing and Potty Training

Diaper Changing

Drop 4 Fun will change all diapers whether disposable or cloth. Diapers will be available for purchase at the center, or parents may provide diapers/changing supplies for their child. If cloth diapers are being used, we ask parents to bring a bag that closes to store soiled diapers. **Drop 4 Fun** employees will change diapers and will document diaper changes that take place while children are in our care.

Potty Training

Parents should let **Drop 4 Fun** know when their child is potty training so we can assist by taking the child to the restroom frequently. We ask parents of children who are potty training to bring extra clothes and materials.

Breastfeeding Children

Drop 4 Fun enables a mother to breastfeed her child while in our care. In addition, parents have the right to provide breast milk for their children. For the safety of the other children in our care, the nursing parent may be required to complete a background check with our center.

If we need to relocate outside the operation, we will follow our emergency evacuation plans. Routine drills will be conducted according to licensing requirements.
